REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Although, both the closest prior art of record, JP 10-147521 and JP 7-126157 are suggestive of butyl rubber, butyl rubber is neither required nor is its weight percent taught. Thus, the Rule 132 declarations of August 16, 2004 and November 11, 2005 provide that the butyl rubber and its weight percent over its claimed range provide for superior adhesive performance and less stratum corneum abrasion. Therefore, the instant claims are novel over the combined references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sharmila S. Gollamudi whose telephone number is 571-272-0614. The examiner can normally be reached on M-F (8:00-5:30), alternate Fridays off.
